

Each year during the month of December Lampson International co-hosts the “Lampson Cable Bridge Run” with the Pasco Parks and Recreation. The 5K and 10K race is popular among local residents who seek to maintain a level of fitness during the cold Tri-City winters. Lampson, who has been a supporter for the past 33 years, donates its headquarters as well as its maintenance facility to accommodate the hundreds of runners who participate in this event.
